

Instruction Sheet

Kit Number: 78591000

TIRE CHAIN KIT

WARNING: FAILURE TO FOLLOW INSTRUCTIONS could result in personal injury and/or damage to unit.
Read, understand, and follow all safety practices in Operator's Manual before beginning.

Package Contents

Check the contents of your kit for the parts listed below. Also see Figure 1.

Item	Description	Qty	Ariens P/N
1	2-Link Spacing Tire Chain (Set of 2)	1	09119000
2	Chain Tensioner (Set of 2)	1	09119500

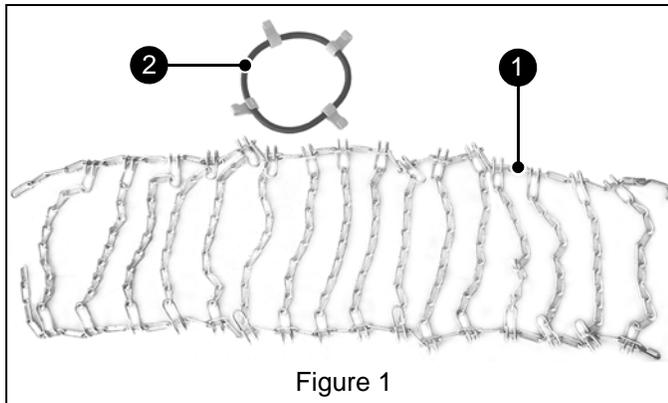

Figure 1

Installation

1. Stop engine and remove key.
2. Wait for all moving parts to stop and for hot parts to cool.
3. Place both tire chains (Item 1) on the ground and remove all twists and tangles. Position chains in front of unit with chains centered to tires. See Figure 2.

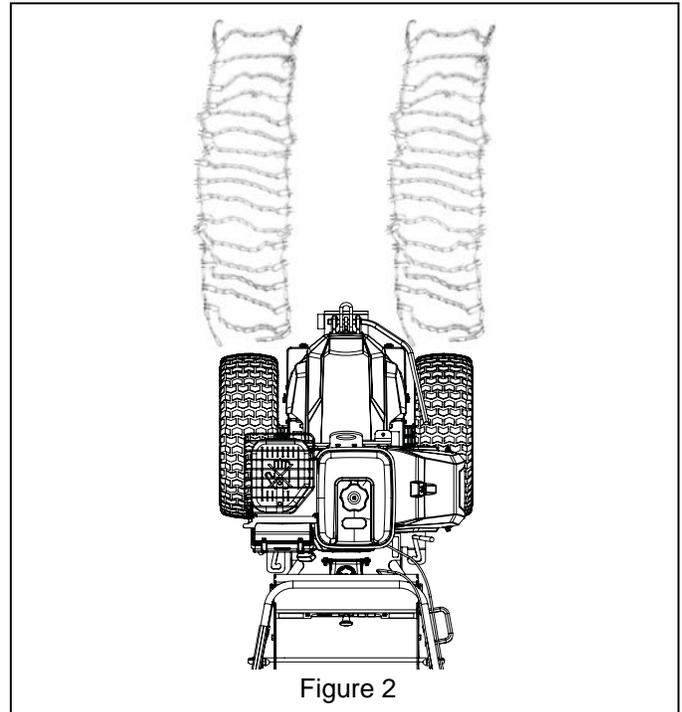

Figure 2

4. Move transaxle bypass levers into neutral position.
5. Push unit onto tire chains and stop when tires are in the middle of the chains.
6. Pull both sides of the tire chains to the top of the tires and connect the inside and outside edge hooks to the chain links that provide the tightest fit.
7. Clip the chain tensioners (Item 2) to chain links in a square pattern with the flat side of clips facing out. See Figure 3.

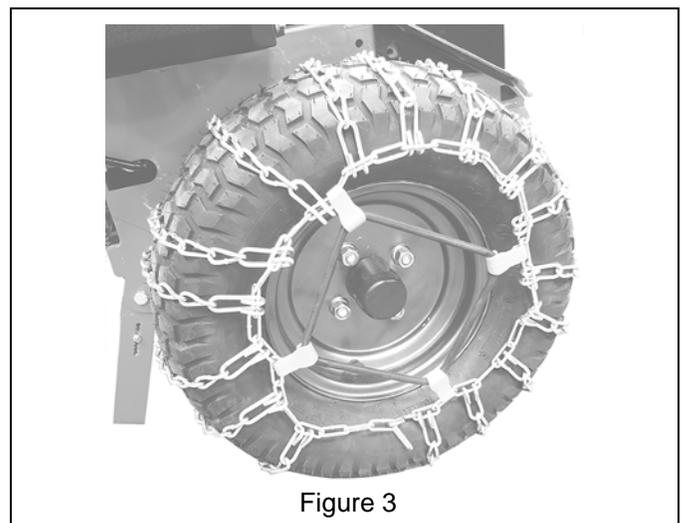

Figure 3

8. Return transaxle bypass levers to operating position.
